AD AMAZING KITCHENS APP

POGGENPOHL: Custom-Designed Kitchens

Just as the popular AD Amazing Kitchens app can help you create the kitchen of your dreams, Poggenpohl offers beautiful custom-made kitchens that meet any style or design preference. The top choice of many architects and builders when creating a space that is sleek, organized, efficient, and eco-friendly, Poggenpohl collections range from the spacious +ARTESIO and the striking PLUSMODO to the technologically advanced +INTEGRATION, the sensual +SEGMENTO, and the sleek Porsche Design.

When challenged with the renovation of a Hamptons home, designer Coco Kanakis wanted to create a kitchen that would

“punctuate my client’s significant collection of modern art.” With the assistance of Joe Louis of Poggenpohl, she made a statement by selecting Poggenpohl light-gray lacquer wall cabinets. “The clean aesthetic of the kitchen is enhanced by the contrast of these light-gray upper cabinets with the textured-teak lava gray base cabinets, which soften and ground the space. When blended with a crisp, polished white countertop and a honed Carrara-marble mosaic backsplash, the result is an ethereal beach vibe, perfect for hosting a fabulous pool party,” said Kanakis.

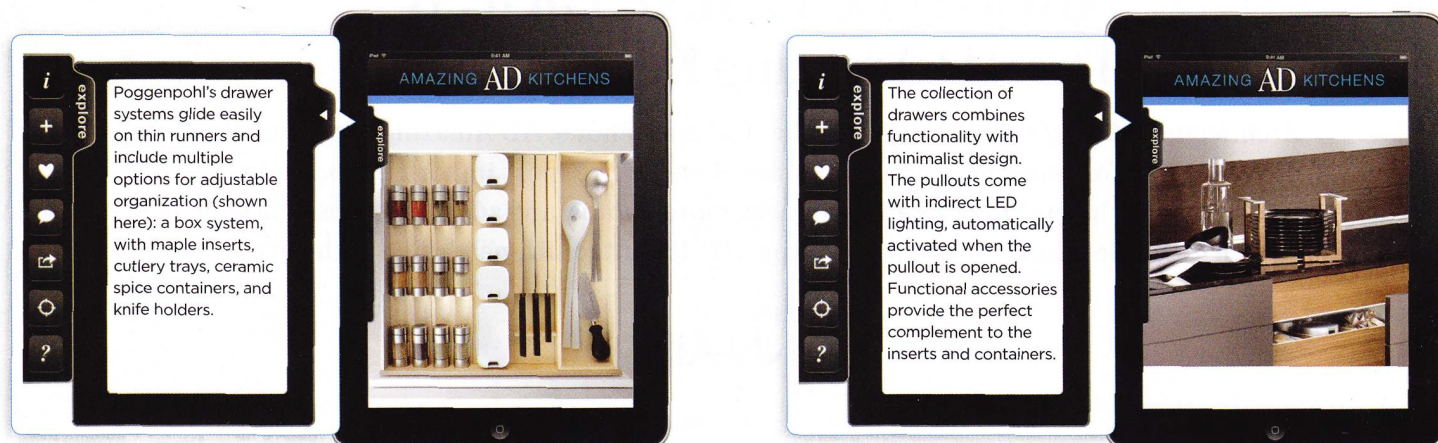

“We wanted to create a kitchen that was as functional as it was beautiful. The two go hand in hand. So we chose the finish carefully and made sure that there was ample storage space by using corner cabinets.”
